After a year and a half of separation, stifling our in-person spiritual working together, we at the Portland Branch are grateful to be a regional host for the Annual Conference of the Anthroposophical Society in America. We take up this challenge with enthusiasm, providing an opportunity for those of us in the wider Pacific Northwest to come together to experience Building the Temple of the Heart. And to build together on what the online conference offers with our own group conversations, paired biography work, and eurythmy. Together we will explore how the Six Basic Exercises can help us meet the struggles of our times; how Eurythmy can bring us deeper into the Life of the Heart; and maybe even a field trip to a labyrinth modelled on the one at Chartre Cathedral. We are encouraged by the chance to host you all, and warmly invite you to see what good may become of our shared striving.
